

**Abraham Bowman**  
**Vanilla Bean Infused**  
**45%**

Chopped vanilla beans were added to barrels of Bowman bourbon (in varying amounts); the barrels were married after 24 months and bottled. The nose has soft vanilla and sweet orange; it's almost soothing, balm-like. Vanilla is not at all overpowering in the mouth, but shows more as a richness around the edges. Otherwise, a good, sprightly bourbon with a nice citrus and oak finish; like to try this in a cocktail.

—Vol. 24, #1
