

## Tomatin Cask Strength Edition

**57.5%**

This is Tomatin's first cask strength offering, and is also non-chill filtered. The initial batch of 15,000 bottles was released in February, and was matured in a mix of *oloroso* and bourbon casks. The nose showcases ginger, malt, Jaffa oranges, almonds, and melon, while the pleasingly viscous palate offers caramel, vanilla, warm leather, and chocolate-coated lime creams. Long and gently spicy in the drying finish. (*Worldwide except U.S.*) £50

  
—Vol. 24, #2
