

Girvan Patent Still Proof Strength

57.1%

Apples squeezed in a cider press, sherbet Dib Dabs, and cinnamon sticks comprise the nose of this west coast grain whisky. It's lip-tingling at cask strength; the lemon and molten honey tussling with the effervescence of the Dib Dabs before golden syrup pours over the tongue. It's like crunching through a packet of powdery Love Hearts erupting in the mouth. Water encourages peach fondant French fancies flavors, with a slightly pushy fruit skin note at the finish. £75
