Disgorge bourbon quarter-casks after 3 years and fill them into sixteen virgin American oak 40-liter casks that have been made from air-seasoned wood, medium toasted then charred, and what do you get? Maple syrup, pecan pie nuttiness, piercing vanilla, fluffy cotton candy, and the char note of the dome of a well-fired fruitcake.

The palate chews through nut brittle, butterscotch, praline, nutmeg, baked banana, and active wood spices, with the sweetness of a good bourbon. Respect. (700 bottles) 889 SEK
