

Glenturret Peated Edition

46%

This expression comprises peated Glenturret malt (55ppm) and some older unpeated Glenturret malt.

The distillery has been making peated malt for six years. There is a higher proportion of peated malt in this revised edition than in the previous version. Farmyard aromas on the nose, with an overlay of digestive biscuits and subtle smokiness. Light-bodied, with watery toffee and emerging peat smoke. Medium-length in the finish, spicy, with cigarette smoke. £47

—Vol. 24, #3
