

Springbank Sherry Wood 17 year old

52.3%

Released in February 2015, this cask strength expression of 17 year old Springbank has been entirely matured in sherry casks.

9,120 bottles are available globally. The nose offers sea spray, blood orange, ginger, and discreet sherry. Finally, some peat.

The sherry really makes its presence felt on the palate, which is full and slightly oily, with rich fruitcake flavors, soft toffee, coffee, and ripe cherries. The finish is lengthy, slightly peaty, with more sherry, treacle toffee, and trademark Springbank ozone.

—Vol. 24, #3
