Incredible! This dark golden dram was distilled in the same year that the Beatles first played in America. An aromatic nose of fruit spangles, gentle acetone, clove, eucalyptus, vanilla pods, and tamarind. Soft, gentle apple flavors with a silky texture; sweet orange, vanilla, ginger, spice, and raspberry. The oak is mouth-puckering unless you add water (and you can). A finish of Starburst chews, although a soft presence, slowly drying from the oak. Simply gorgeous, experiential whisky. (*93 bottles*) £290
