

Wigle Organic Wapsie Valley Corn

46%

The first bourbon made in Pennsylvania in over 25 years, using locally-grown, organic Wapsie Valley dent corn, which comes in yellow and maroon; a 1 year old bottling. The aroma is distinctive: deep mint, clove, and red plum. Warming and sweet, then broadening on the palate, the corn becomes prominent. Finish is hot, but tasty. This is a young one, with promise.

—Vol. 24, #3
