## Canadian Rockies 21 year old (batch 2) 46%

^

When Thomas Chen introduced Canadian Rockies in Taiwan, he chose Highwood Distillers in High River, Alberta, to supply a delicate yet fragrant, fruit-laden whisky that would please the Taiwanese palate. Now launching in Canada, Chen upped the bottling strength to 46% to boost the flavor. The complex, exotic fruit salad and faint lilac-like flowers that characterized the original remain, along with blistering white pepper, sweet oak caramels, and crisp, clean barrel notes on a luxurious, creamy palate.
