

Thunder Bolt 100 Proof

50%

The trend to higher-proof Canadian whisky continues. This massive gem from Highwood shows us how that benefits the whisky drinker. Toffee and spicy rye on the nose become toffee and sizzling hot pepper on the palate. While toffee lurks in the shadows, a lingering oaky base begins to assert itself. Sweetness and pepper subside as the wood emerges with a complexity not even hinted at on the nose. Enjoy it neat; love it with ginger ale.
