

Highwood True North

40%

A simple, straightforward session whisky. True North is rich in the classic caramel notes and searing pepper so coveted by shooters and tailgaters. Ginger and white pepper last seemingly forever. Given its undeniable drinkability, packaging in a plastic bottle is probably a good idea. You can sip this if you wish, but with ginger ale and a dash of bitters it becomes a Canadian Saturday night in a glass. A classic Canadian bottom-shelfer. *(Canada only)*
