

## Mackmyra Svensk Ek

46.1%

Named after the 10% of the recipe that benefits from Swedish oak maturation, this light-colored dram has honey-drenched crumpets, creamed butter, green tea taken in lemon groves, and hints of peppermint. Shredded lemon and lime peels are joined by a precise, concentrated wood spice note with ground ginger and black pepper. Dilution fattens the mouthfeel but flattens the citrus peel, leaving a smudge of light toffee and malt. Pleasant sipping for those long, Swedish summer days. €59
