

Abraham Bowman High Rye Bourbon 

50%

“Contains five times more rye than A. Smith Bowman’s standard bourbon recipe,” aged 7 years and 9 months. A lean bourbon nose: sweet grain, leather, pepper, oak. Zing in the mouth! Quite spicy, with a smooth, oily feel, notes of dried apple and split fruit-tree branches, and a driving but welcome heat that lines straight through to the long, dry finish. Bold, interesting, and worthy of repeating! Limited release; mainly in Virginia.

—Vol. 24, #4
