

Dad's Hat Pennsylvania

Rye

45%

Dad's Hat rye has evolved, like many craft whiskeys, but they're still bottling at 6 to 9 months (another label is planned for a straight version). That's working well. The nose is rip-roaring rye: crushed grain, grass, sweet spice, bitter herbal notes, with all the complexity of the grain. Delivers honestly on the tongue, too, plus a light barrel character, proceeding to an integrated finish. Excellent young rye, there's no mistaking the mother grain.
