

**Big Peat Christmas
Edition 2015**

53.8%

Marginally less aggressive than in 2014, this Big Peat is more rounded and exhibits greater finesse. Overall, it's a better whisky. The invasive smoke still infiltrates the skull and clasps your brain tightly. A sweet smoke of smoldering hillside wildfire extinguished by rubber beaters, balanced by meadow flowers, tree blossom, and honey. Sticky lemons smeared in thick honey, cracked black pepper, and a fabulous, almost gelatinous texture, it builds solidly in peaty intensity. Knockout! A hot, smoky finish like dragon's breath.

—Vol. 25, #1
