

Wemyss Malts Peat Chimney

46%

Imagine your nose hovering inches above well-dried peat, then throw in salted nuts, brittle toffee, and an intensification of vanilla pods.

This feels more rounded and balanced than earlier bottlings and is the better for it. Warm, sweet caramel, juicy orange, and lime zest are shot through with peat, the rising smoke driving you back while pepper and ginger give close support. The most improved of the Wemyss three, but a bit more heft in the composition wouldn't go amiss. £37
