

## Popcorn Sutton Small Batch Recipe

44%

Made by ex-Dickel distiller John Lunn at the brand's new distillery, a new bottling, new name.

"Distilled from grain and sugar."

Smells like clean white dog: warm, ripe melon, alcohol heat, grain.

Smoothly drinkable, not hot or astringent. Simple, sweet: melon, cooked grain. Sweeter than vodka, and a bit more flavorful, but otherwise pretty similar. I still don't get the attraction.

—Vol. 25, #1
