Bourbon and sherry cask maturation were used for this bottling, which marks a milestone for the Finnish distillers. This has a nose of fresh cut apple, scrunched orange peel, malt, lime zest, and digestive biscuits drizzled with sesame oil. Lemon sherbet, cremola foam, and custard Danish start in a sweet direction, though it speedily converges prismatically to a trio of flavors comprising spearmint gum, menthol, and clove. Water only enhances the menthol. A cool, minty finish with residual sweet juices.
