

Springbank Local Barley 16 year old

54.3%

The first of five annual releases of Local Barley from Springbank. This practice revives a concept discontinued in 2001. The barley in question was grown at Low Machrimore Farm in the south of the Kintyre peninsula and was distilled in September 1999.

Barley, damp earth, sea salt, and citrus fruits on the lightly peated nose. The buttery palate yields spicy peat, orchard fruits, and more earthiness, closing with smoky lemon.

—Vol. 25, #2
