

### **Kilchoman Sanaig**

**46%**

A new, and welcome, permanent member of the core Kilchoman range, this comes from a mix of sherry finished and sherry matured whisky. The nose kicks off with a lovely cigar ash note—a cigar club toward the end of the evening—and while there are some dried fruits from the sherry, Kilchoman's gentle, light character gives energy and lemony lift—shellfish, grass, and herbs. Lovely balance. Rounded, softly fruity, and highly approachable.

—Vol. 25, #2
