

Mellow Corn Bottled in Bond

50%

Used cooperage and higher corn content make corn whiskey its own category, and Mellow Corn is its leader. As expected, corn dominates throughout as salty chip, tortilla, and my favorite, a thick corn pudding. Burnt brown sugar, vanilla, and black pepper spice tingle the senses, too. This is a sipper if you really like corn, but you can't drink this and think bourbon.

—Vol. 25, #2
