

## Two Brewers Yukon Single Malt Release 2

46%

Canada's sub-arctic Yukon Territory has become fertile ground for making whisky. Blended from a mix of barrels distilled in 2009, then finished in Pedro Ximenez sherry barrels, Two Brewers Release 2 shows multi-layered complexity. Lovely sherry notes meld into rich malty grain. Sweet and warming, with tinges of sandalwood, apples, and exotic fruits. Silky mouthfeel, finishing on the vaguest notions of wildflower honey and wintergreen. (*Canada only*) C\$95
