

## **The Singleton of Glendullan Master's Art**

**40%**

Glendullan has reimagined itself with a trio of Travel Retail exclusives. This, the most expensive, has been given some secondary maturation in Muscat wine casks. It's the most complex of the trio, with more citric elements, hints of hay, and some spice, while the richness and dried scented fruit of the Muscat is a good accompaniment to the sloe-like side of the distillery character. A thick vanilla component helps the palate along to a chocolatey finish.
