

## **Straight Edge Bourbon**

**42%**

A composite of 5, 7, and 8 year old Kentucky and Tennessee bourbons. It offers exceptional color at this ABV, but the grain and oak-forward nose suggests youth, with hints of medicinal boiling oatmeal and cinnamon. Slightly dry to adhesive mouthfeel is followed by menthol, heavy smoke, cinnamon-custard pie, licorice, caramel, and a hint of cherry cough syrup. With the stocks selected for this batch, I'd hoped for more, but it tastes unlike traditional bourbon.

Sourced whiskey.
