

**Barrell American
Whiskey (Batch 002)**

61.9%

Two things show almost immediately: alcohol level and sherry cask. Heat and salty nuttiness really express themselves early on, eventually followed by flavors of caramel chew, graham cracker, nutmeg, and cinnamon, with an unwanted bitterness. Walnut shell and smoked meat come along too, for a medium finish that tingles. With a drop of water, its bitterness turns to oak, making it the preferred way to sip its hefty proof. Sourced whiskey.
