

Two Brewers Yukon Release 03 Peated

46%

Distilled and matured under the midnight sun in Whitehorse, Yukon, Two Brewers whiskies benefit from having a brewery to keep the cash flow positive during the 7 year maturation period, and a brewer to manage the fermentation flavors. Peat smoke, freshly-washed hospital garments, antiseptic—typical Islay with a lot more fruitiness. Sweet canned fruit cocktail and persistent smokiness all wrapped together in a neatly-balanced unit. Hot peppers, hints of green licorice, and caramel.
