|   | From the Rugen distillery in<br>Interlaken, this was filled into<br>American oak <i>oloroso</i> sherry butts<br>and rolled into the Rugen<br>Mountain rock cellars that were<br>built in 1875. Almond, glacé<br>cherry, apricot, wood spices, and<br>nougat create a very active nose.<br>A lightness of touch, with vanilla,<br>honey, strawberry, and raspberry<br>make for a juicy mouthfeel,<br>despite a swell of black pepper<br>and ginger. It just grows and<br>grows. The fresh fruits seem<br>impervious to the dying spices.<br>CHF119 |   |
