

Ourbeer Tokaji Finish 3 year old

43%

The makers of Unser Bier in the Gundeli district of Basel produce this young whisky and host an annual seminar in November, where guests learn about distillation and maturation from the master brewer. The nose has honey and melon, but it's drenched in the sweet wine notes. The palate mingles the melon and honey flavors with sugared sultana until the sweetness abates, bringing out more fruit skins, then a surprising spearmint note on the finish. CHF79
