

Limeburners Port Cask

43%

Aromas of black grape, sultana, fresh plum, and fennel seed arouse the senses. The Australian port-cask finish coats the bourbon characteristics, enriching rather than saturating, draping raspberry and cherry around caramels and runny honey. Sultana notes pull ahead, the whole experience becoming buttery in the final stretch as the spices balance out. More spice to the fore on the finish, pumping in the pepper while serving up rich cooked fruit. A highly respectable effort. A\$135
