

Glengoyne 12 year old

57.2%

A new, cask-strength Glengoyne without chill-filtering. Both features put this whisky in a higher class than the entry level 10 year old. That classic clean maltiness which Glengoyne is known for is certainly in this whisky. With the addition of some water, the whisky really opens up, becoming fragrant, fruity (cherry pits, apples), along with hints of anise and almonds. A nice effort from the new owners.
