

Jack Daniel's 150th Anniversary

50%

There's a lot going on here, and it starts in an unusual place—corn, specifically corn husk, followed by caramel, vanilla, oak, banana, pineapple, crème brûlée, vanilla, a hint of cedar, cherrywood, sautéed porcini mushroom, and cinnamon. Over a mouth coating texture, the velvety structure drips down the jawline, offering butterscotch, paprika, nutmeg, baked apple pie, bread pudding, caramel chew, roasted walnuts, and baking spice, which lingers over a long finish. Must-have Tennessee whiskey.

Price is per liter.
