

Jameson Lively

40%

Explore the grain side of Jameson's personality in this first specimen from the Deconstructed series. Expect floral aromatics and a mixed crate of fresh citrus fruit, so it smells closer to the airport's perfume counter than the whiskey store. Strands of honey, squeezed citrus, and vanilla blossom amid a thickening mouthfeel after a feather-light beginning. It's tooth-achingly sweet, but daubed with lime and sweet clementine, leading to a dry, warm finish with chalky candy. (*Travel Retail exclusive*) €36
