

Scapa Glansa

40%

Glansa is described as a "peated whisky cask finish," with the majority of its unspecified maturation time being spent in first-fill American oak casks. Madeira notes on the nose, with vanilla, honey, and pears. Richly fruity on the palate, with cocoa powder, vanilla, caramel, and mild wood smoke. Dark berries emerge from the background. The dark fruits continue through the lengthy finish, where smokiness increases.
