

Sheep Dip Islay Blended Malt

40%

There has been an excellent streak of Islay blended malts recently, and here is another worthy contender from the Spencerfield Spirit Company. This one offers the sizzle of bacon fat, thick clods of peat, cocoa, and breezy smoke. The rounded palate has sweet satsuma, spice, generous malty notes, and burnt caramel. The wafting smoke builds until it engulfs the back of the palate. You will be wanting one of these.
