

The Dalmore Quintessence

45%

Quintessence is the first single malt to have undergone secondary maturation in five different types of California red wine casks: zinfandel, pinot noir, syrah, merlot, and Cabernet Sauvignon. Sweet sherry, ripe cherries, marzipan, and white pepper on the nose. Rich and mouth-coating; strong flavor of thick-cut orange marmalade, *oloroso* sherry, malt, and milk chocolate. The finish features gentle warming spice and lingering Jaffa orange. Plain chocolate and orange notes seem as though they are never going to end! £1,000

—Vol. 26, #1
