

Ardbeg Kelpie

46%

A proportion of the component whiskies has been matured in virgin Black Sea oak casks, while the rest has been aged in bourbon barrels. The nose is sweet, with warm cloves and soft peat; a hint of brine. When it comes to the palate—curious! Menthol and herbal notes, toasted oak, plain chocolate, sweet antiseptic. Mildly tannic in the finish, with subtle peaty spiciness. An herbal peat note lingers long.
