Keep Decades**

When earth meets sweet in  
whiskey, it's a beautiful thing.  
Here, soil tilled deep, fresh-cut  
grass, and mushrooms meet  
leather and dark chocolate,  
followed by dill, oregano, and oak.  
Caramel and vanilla explode over  
a heavy dose of cinnamon. There's  
more: apple fritters, spice, and  
saltwater taffy tingle the palate  
until the long finish introduces, for  
the first time, a hint of doughy pie  
crust. A must-have.
