

### **Wild Turkey 101**

**50.5%**

Cotton candy, campfire smoke, cinnamon, pilsner beer, butterscotch, and vanilla start a whiskey conversation that's about balance, easy sipping, and the pursuit of spice. Around mid-palate, a plethora of baking spices—clove, nutmeg, vanilla, cinnamon, and allspice—charms the senses. It's set up to be a great run, but the approach softens toward the finish with muted brown sugar appearing. Still, the flavor and balance make for a fun sipper and great cocktail mixer.
