

## Jim Beam White Label

40%

Grain in several forms begin this experience. First it's raw corn kernels, freshly buttered popcorn, boiled oats, rye toast, and cornbread. Then oak, raisins, and slight hints of vanilla develop, but the concentrated cornbread dominates after its appearance. However, though at a low proof, water is needed to cut the heat. Recommended with ice, water, and/or cola.

—Vol. 26, #3
