

Clonakilty

43.6%

Ahead of the distillery opening, Michael Scully is working on a series of Clonakilty releases in the warehouse. His promising first release is bourbon cask matured, with a nose of raspberry, strawberry taffy, roasted coriander seed, star anise, apple, green fruits, and smoldering cooperage oak. The palate brings mandarin, light honey, sweet oak, creamy vanilla, fresh banana, peppercorns, and custard. Vanilla sweetness and a welcome spicy buzz to finish. (3,000 bottles)

—Vol. 26, #4
