

**Highland Park Full  
Volume**

**47.2%**

Full Volume is a U.S.-exclusive bottling that was distilled in 1999 and matured entirely in first-fill bourbon casks. The nose is fragrant, with canned pears and vanilla ice cream, coconut, and a very subtle wisp of smoke. Quite thin on the palate, nutty, mildly herbal, with tropical fruits. Ashy peat smoke, cocoa powder, and wood spice in the medium-length finish.

—Vol. 27, #1
