

Johnnie Walker Blue Label Ghost and Rare

46%

This is much more muscular than the regular, un-haunted Blue Label. It delivers a multitude of flavors—butter toffee, sweet smoke, citrus peel, and dry spices—tantalizingly peeling off layer after layer, building a slow crescendo to a peak of spices and bitter citrus. Mouth drawing with caramel, apple, pear, and sherbet, a mid-palate of zesty orange and baking spices before topping out with bitter peels, grapefruit, smoke, and sour hard candy.
