

Coppersea Bonticou Crag Straight Malt Rye

48%

A very grain-forward nose, reminiscent of caraway or a fresh pumpernickel loaf. A soft, dusty rye, with hints of peppermint, spearmint, and cinnamon candy and bitter brown sugar. Quite dry, with some bitter oak, dry hay, and fresh-sawn lumber. Dried herbs, grilled pineapple, and lingering pepper on the finish. Made from rye malted by hand and distilled in direct-fired stills, this whiskey is more focused on grain than oak.
