

Sierra Norte Single Barrel White

45%

White has the most familiar corn whiskey character of this Mexican trio. Sweet buttered cobs of corn, faint toasted spices, green corn husks, and peanuts on the nose. The palate is sweet, gentle, and refreshing, bathed in honey, with dried peel, sweet corn, toasted oak spices, and a late sensation of charred oak, burnt toast, and peppercorn. That slight burnt note just creeps into the finish.
