

## The Whistler 7 year old Natural Cask Strength

59%

This dials up the aromas so high it could freshen up a stadium. After a riot of bright fruits, paradise slice, nutmeg, cinnamon, dates, and raisin, the palate becomes awash with apple and rose hip, though the strength makes it a wild ride, the tongue is conquered into submission. Diluted, it shines with vanilla sponge cake, plum, malt, and spicy nutmeg. Beautiful whiskey, just needs to be pegged back a bit. €65
