

**Wild Turkey
Longbranch**

43%

Redolent of marshmallow and vanilla, this is restrained on the nose, but revels in pretty

sweetness, with peaches and cream, ripe banana, and circus peanuts candies. On the palate,

this collaboration with actor

Matthew McConaughey betrays some of its Wild Turkey pedigree, capturing the house earthiness.

For its modest proof, it pours a bit

hot on the palate, with plenty of

oak tannins, making it a nice

sipper on the rocks or with water.
