

### Pig's Nose

40%

Stick your snout into aromas of rich tea biscuits, honey, tangerine, toasted almond chips, candied pineapple chunks, and a prickle of spice. It's youthful but integrated, the grain domineering over the malt. A likable flavor sequence begins with lovely honey sweetness, honeydew melon, and pear, before a citrus phase, followed by an ominous wave of spice which vanquishes the sweet fruits, leaving a swift, spicy finish. (12,000 bottles for U.S.)
