

**Big Peat Platinum 26  
year old**

**51.8%**

A larger and mightier beast overall, with menthol, mint Life Savers, raisins, chocolate wafer bars, and thick gray smoke lifting off smoldering peat. The experience is mouth drawing and full bodied at this strength, with sweet orange, milk chocolate, clove, and nutmeg, the roof of the palate cloaked in a night sky of celestial peppery spices. Take it easy with water, but use it to unshackle the soaring citrus notes. (1,100 bottles for the U.S.)
