

**Belle Meade Cask  
Strength Reserve  
(Batch No. 5)**

**56.8%**

Swirls with the smells of a county fair—candy apples, peanuts, caramel, spiced cookies, and old barn boards, redolent with maturity and complexity. More childhood favorites appear on the palate: cinnamon Red Hots, grape soda, blackberry candy, chocolate-covered caramels, candy apple, and roasted corn, with lush oak rounding out into a peppery finish of cherry cola and roasted pecans. Given the barrel proof, this takes water well. Nelson's Green Brier Distillery bottles the Belle Meade line of bourbons, sourced from MGP Distillery. Each batch of Cask Strength Reserve averages around 1,000 bottles; ABV varies between 55% and 60%. [Number 10 in the 2018 Top 20](#)
