

**Shelter Point 100% Rye**

**59.7%**

Before a regulation required British Columbia distillers to source their ingredients within the province, Shelter Point bought some 100% rye spirit from Alberta Distillers. Nine years later, it has developed flavors of halvah and honey, which caress blue clay, turning it sweet, floral, and fruity, then hot and spicy, with cloves, rose water, and more rye spices.

Clean and crisp with deep complexity, it sizzles on the tongue, ending in hints of grain.
